DSEQ Campaign Stage 1: Share 2000 oMETIS Rewards with Hercules

We're excited to launch **Stage 1** of the **DSEQ Campaign** with **Hercules**. In the campaign, we created **two reward pools**:

1. **1900 oMETIS Rewards for New nitro pool**
   For current artMETIS holders, to share in the 1900 oMETIS rewards, pls stake into the new Nitro pool on Hercules.

   Step 1: Provide liquidity in the pool artMETIS-WMETIS Steer Vault to automatically earn farm emission in TORCH/xTORCH. You will receive a receipt token called spNFT at this step.

   Step 2: Stake the spNFT into the new Nitro pool to enjoy additional rewards like oMETIS**.** <Insert new nitro pool link>

2. **100 oMETIS Reward Pool for New Staking**
   To welcome new staking activities, we've set up a separate reward pool with 100 oMETIS for top 50 users. Complete these steps to climb the leaderboard for more rewards: Task link <insert link>
